DETAILS OF ANNOUNCEMENT

The Rector

NOTICE OF SELECTION

A competition is called to select **20 students** to participate in Politecnico di Milano's Advanced School of Architecture.

The Advanced School of Architecture (ASA) is an "additional" training programme held in parallel to the Master's Decree Courses in Architecture (class LM-4). The mission of ASA is to strengthen and develop the figure of the architect-designer, through design and research activities that provide direct contact with the professional world and with the set of processes currently in place in the various European and non-European contexts. For further details, see <http://www.polimi.it/corsi/percorsi-di-alta-formazione/>.

The competition may be accessed by Politecnico di Milano students:

- duly enrolled in the first semester for the a.y. 2020/21 on the first year of a Laurea Magistrale (equivalent to Master of Science) in Architecture (class LM/4) of the School of Architecture Urban Planning Construction Engineering;
- duly enrolled in the fourth year of the single-cycle Laurea Magistrale (equivalent to Master of Science) programme in Construction Engineering – Architecture (class LM/4) of the School of Architecture Urban Planning Construction Engineering who have, by the expiry date of this competition, at least 180 ECTS which count towards achieving the qualification duly recorded in their career.

MILANO 1863

Participation in the ASA means that participation in other University programmes, such as Alta Scuola Politecnica, Double Degree programmes, short-term international mobility programmes is not permitted, with the sole exception of the conduct of design practice abroad coherent with the ASA programme.

To participate in the pre-selection, submit the application by way of **the specific function available from online Services** (Admission requests section > Admission to selection procedures) **by 12pm (Italian time) on 26 March 2021.**

The following must mandatorily be attached to the application (**in pdf format of a maximum 10 MB**), drafted in **English**:

- curriculum vitae;
- covering letter;
- Portfolio, containing designs developed during the training course, workshops and any work activities;
- Certification or declaration of knowledge of graphic design software (CAD, Revit, Rhinoceros, etc.).

The files must be named with StudentRegistrationNumber-Surname.pdf (for example 777777-Rossi.pdf).

Completing the application online equates to submitting the application for pre-selection.

Failure to complete and submit the application or submitting an incomplete application will result in exclusion from the assessment.

The selection is made by the Scientific Committee of the Advanced School of Architecture which will assess both the documents submitted by the applicants and the qualification achieved at the previous level, along with the respective training career.

To that end, students with Italian or foreign first level qualification not gained from Politecnico di Milano must also attach the self-certification form (qualification, mark, average, modules present in the Study Plan) available at the following link <https://www.polimi.it/en/current-students/certificates-and-forms/forms/>

The best 30 students deemed suitable will be convened for the second phase of the selection which will be based on the outcome of an individual interview.

The interview date will be fixed by the month of **June 2021**.

The list of students admitted to the interview will be published by Monday **31 May 2021** on the page indicated above.

Any failure by the applicant to attend on the date set for the interview will lead to automatic exclusion from the selection.

The final outcome of the selection will be published by **14 June 2021**.

Milan, 18 January 2021

The Rector
signed Prof. Ferruccio Resta
