Tipologia/ <i>type</i>	Workshop
Lingua di erogazione/ <i>language</i>	English
ore previste/ <i>expected duration-hours</i>	In presenza/ <i>in presence</i> : 100 Lavoro autonomo/ <i>independent work</i> :
periodo di svolgimento/ <i>workshop period</i>	13-26 Jan. 2023, Milan or in case of necessity the course will be conducted in smart working mode/on-line
sede di svolgimento/ <i>location</i>	AUIC-POLIMI and ETSAM-UPM, Madrid
breve descrizione/ <i>brief description</i>	<p>The workshop is organized under a larger project called "Analysis-Project," which aims to explore effective analytical architecture and urban tools and techniques of investigation on the environmental, cultural, modern and postmodern values of Milan Architecture. In specific theoretical and conceptual mindsets behind those kinds of architecture will be under investigation.</p> <p>The students will receive the introduction, primary information and materials in advance by their responsible professors in home universities. Students will engage then in a deep and profound project of reading, interpreting and of the graphical</p>

	<p>analysis selected case-studies. And it follows up by students' development of critical reflective projects intervening inside and in the context of the selected case studies, within a framework of shared vision for 2050. The vision(s) will be formulated collectively by students and professors involved in the workshop, and contextualization of those visionary points of view into the under investigated case study will be the final product of each group.</p> <p>The course will be a journey to learn from Milan's sophisticated contemporary architecture and urban qualities, and to gain advance knowledge of architectural analyzing and narrative making during the workshop. Students will be guided to explore relevant issues of urban qualities and to provide a common ground to engage in a meaningful debate on the role of existing architecture and theory in the contemporary cities.</p> <p>The course will be conducted as a part of the collaboration between ETSAM-UPM and AUIC-POLIMI, where students and instructors from both universities will be working together in joint teams.</p>
Parole chiave/key words	Milan, Architecture and urban design, Analysis
Eventuali pre-requisiti di conoscenza e abilità richieste/requested knowledge and skills, if any	Advanced Computer Graphical Skills; 2D and 3D
