Docente Responsabile/ <i>Reference Professor</i>	Prof. Giulia Setti
Docente proponente/ <i>Proposing professor</i>	Prof. Giulia Setti
Corso di Studio proponente/ <i>Proposing study programme</i>	Bachelor: Progettazione dell'Architettura Piacenza Campus
Altri docenti/ <i>other professors involved</i>	Sara Protasoni, Federico Di Cosmo, Giulia Setti, Michele Roda
Titolo dell'iniziativa/ <i>Title</i>	P4P – Piacenza for Public Design for reinvention, rearrangement and communication of an urban area undergoing transformation: interdisciplinary project with Piacenza Municipality
Tipologia/ <i>type</i>	International Architectural Design Workshop within an Erasmus+ Program with a network of 3 Universities: POLIMI /School of Design ESA St. Luc Bruxelles FH JOANNEUM Graz
Lingua di erogazione/ <i>language</i>	English
ore previste/ <i>expected duration-hours</i>	100 hours, divided into: 25 hours of autonomous preparatory work (through digital materials submitted by School) to be done in April and May 50 hours of workshop (according to the calendar) 25 hours of personal final work (oriented to produce a final paper) to be done after the workshop conclusion and not later than September
periodo di svolgimento/ <i>workshop period</i>	Intensive workshop in presence from 03.06.2024 to 07.06.2024
sede di svolgimento/ <i>location</i>	Piacenza Campus Arata
breve descrizione/ <i>brief description</i>	The intensive workshop is intended as an opportunity to discuss contemporary topics related to public and collective spaces in urban current conditions. The design experience will be realized through: <ul style="list-style-type: none"><li>- series of studies and analysis;</li><li>- lectures by professors, architects and researchers;</li></ul>

- on-site visits;
- design activities, with tutorship and collective discussions.

According to their specific background, the Schools will develop different approaches aimed at the regeneration of a public square in Piacenza undergoing transformation, in view of gaining a multifaced appraisal and re-designing the relationship between public and private dimension of the square, its connection with the city, the promotion of innovative, participative and inclusive fruition by different users.

Focusing on the selected case study in Piacenza, some topics will be proposed for the development of parallel projects. The students will be encouraged to form international groups for team work and to gain direct experience of the place through city exploration. The teaching staff will provide short introduction lectures and constant assistance during the team work. Expected outcome will be new functions proposal, concepts, creation of masterplans, exhibition graphics, use of media, setup of an exhibition, designing of posters and invitations, proposal of reversible, provisional, low-cost, innovative devices, aesthetically connoted, consistent with the nature and soul of the place and its ecological and environmental values.

Aim of the design: improve the relationship between public space and psycho-physical wellbeing, enhance historical memories and encourage participation in temporary functions.

The students will outline possible scenarios of temporary reuse of Casali square (in the centre of Piacenza), selecting one out of two different time perspectives:

- during construction stages – imagine temporary functions and possible configurations of the worksite that can coexist during the construction phase;
- after construction stages – outline temporary and/or seasonal activities that can take place in the square once the construction phase has been completed.

In both cases, the project will be characterised by reversible, provisional, low-cost, innovative, devices, aesthetically connoted and consistent with the nature and soul of the place, in a very intense and dynamic urban sector with monuments and fragments of the local identity, wide areas in transformation (as the former military compounds) and not far from the coasts of Po River with ecological and environmental values.

Main partnerships: Comune di Piacenza, Riusiamo l'Italia

Expected students: 60 (from 3 different Schools)

Up to 10 from POLIMI Bachelor in Progettazione dell'Architettura

#### CALENDAR AND PROGRAM

Hours: 25+50+25

#### **April-May**

Preparatory work (materials and tasks will be given by the workshop organization)  
25 hours

#### **WS**

#### **Day #1 Monday 03.06.2024**

10am Workshop Opening

2pm Workshop/Visits

6pm Lecture

8pm Individual work

10 hours

#### **Day #2 Tuesday 04.06.2024**

10am Workshop

2pm Workshop/Visits

6pm Lecture

8pm Individual work
