MILAN INTERNATIONAL ARCHITECTURE WORKSHOP
5-16 JUNE

The MIAW – Milan International Architecture Workshop – is the international intensive programme at the School of Architecture Urban Planning Construction Engineering. It provides an international design forum for schools, teachers and students, but it is also an informal platform to discuss issues and share ambitions that education implies. Its aim is to stimulate cross-over thinking between researches and practitioners in the design field, involving different scales and encouraging an interdisciplinary approach towards design problems. Each class has an International Guest Professor of high profile whose activity and interests are related to the different study courses and disciplinary areas characterizing all our school.

This year's workshop aims to find the balance between memory and archives. Thanks to the support of the Comune di Milano with its Department of Digital Transformation and Civic Services and the Department of Culture, the workshop had the opportunity of focusing on major cultural realities in Milan (Triennale di Milano, Veneranda Fabbrica del Duomo di Milano, Corriere della Sera). Five ateliers will work on a contemporary idea of a museum capable of interweaving the archival issues. Places of memory conservation in which the exhibition can become a device for a deeper knowledge of the city and of its culture.

MIAW 12th Edition

GUEST PROFESSORS

Paolo Cascone, Antje Freiesleben, Eduardo Pesquera González, Filipe Magalhães, Helder Casal Ribeiro

TUTORS

Houssam Mahi, Francesco Martinazzo, Pedro Escoriza Torralbo, Raffaella Cavallaro, Michele Porcelluzzi

SUPER TUTOR

Ruzanna Meliksetyan
